**SLIDING FEE SCALE**  
(Hourly Therapy Rates)

Dear Clients,

I am no longer on any insurance panels. However, I will gladly help clients get reimbursed for session fees. This means I will create a "Super Bill" template with your PHI (private health information) and submit reimbursement requests to your insurance every 6 weeks however, clients are able to submit bills on their own timeline.

My initial session fee is **\$195.00**. Subsequent session fees are **\$160.00**. Sliding scale fees are available upon request to accommodate my client's financial needs ranging anywhere from **\$160 to \$135** per hour. All fee questions and concerns can be addressed before treatment begins. Payments are due at the time of services rendered.

Agreed upon Hourly session fee: \_\_\_\_\_

Signatures indicate a mutually agreed upon fee between the client and therapist per hourly session.
