2024 HOURLY RATES

Dear Clients,

I am not contracted with any insurance panels. However, I will gladly help clients get reimbursed for session fees. I can create a monthly "Super Bill" template with your PHI (private health information) such that you are able to submit reimbursement requests to your insurance company.

My initial session fee is **\$250.00**. Subsequent session fees are **\$195.00**. A slight sliding scale fee may be available upon request to accommodate my client's financial needs which should be discussed before treatment begins. Payments are due at the time of services rendered. Check, Zelle, cash or Venmo payments are accepted.

Agreed upon Hourly session fee: _____

Signatures indicate a mutually agreed upon fee between the client and therapist per hourly session.
